RE: Frontier Solar Project Community Outreach

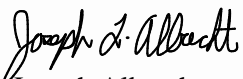

Dear Neighbor,

BrightNight is proposing to develop and construct an approximately 120-megawatt solar electric generating facility to be located in Washington and Marion Counties, Kentucky, approximately 2.4 miles north of Lebanon. As a neighbor to the solar project, **we want to invite you to an informational session on Thursday, September 28, 2023, from 5-8 PM, at Rosewood Bar & Grill, located at 520 Fairway Dr., Lebanon, KY 40033.**

At this informational session, you can expect to learn about utility-scale solar projects, Frontier Solar Project specifics, and what to expect during construction and project operations. We would also like to take this opportunity to get to know our neighbors and introduce BrightNight and the project team. In the meantime, please feel free to contact the project team at the contact information provided below. Your questions or concerns are welcome at any time.

BrightNight recognizes our projects have a long-term presence in the communities where they are sited, and we value your input during this process.

Best regards,

Joseph Albrecht
Director of Development
